I/we confirm that the production line offered has and meets the parameters and requirements specified below:

PARAMETERS AND REQUIREMENTS	Does the offered production line have and meet the following
------------------------------------	--

	parameters and requirements?
I/we confirm that the transport, dosing and packaging system for PET flake/rPET pellets consists of the following components that meet the parameters and requirements listed below	
Triple unloading station for BIG BAG bags:	yes / no *
the density of bulk material to be unloaded and transported (PET flakes and RPET pellets) - falling within the range of 0.25-0.9 kg/dm ³ ,	yes / no *
equipped with optical safety barriers,	yes / no *
each station is equipped with a buffer tank with a minimum capacity of 1m ³	yes / no *
Vacuum transfer system from the unloading stations of BIG BAG bags to the dosing station:	yes / no *
number of receiving places - 3	yes / no *
efficiency of the transfer system: within the range of 2000 kg/h - 3000 kg/h	yes / no *
 <i>(Note: please complete the value of efficiency)</i>
manufacturing technology - stainless steel	yes / no *
equipped with a vacuum pump	yes / no *
equipped with a dust removal system	yes / no *
pump and dust collection system have parameters, meeting the requirement for efficiency in the range of 2000 kg/h - 3000 kg/h	
Dosing station:	yes/ no *
number of dosing units - 4	yes / no *
gravimetric batching system	yes / no *
dosing capacity: within the range of 2500 kg/h - 3500 kg/h	yes / no *
accuracy of dosing +/- 1.5kg	yes / no *
capacity of dosing tanks - 500l	yes / no *
material of the tanks (4 pieces) - stainless steel	yes / no *
control - touch panel of minimum size 10"	yes / no *
possibility to save parameters - up to 100 recipes	yes / no *
Tower for dosing station and sorter:	yes/ no *
manufacturing technology - painted steel construction	yes / no *
number of levels - 3	yes / no *
middle level intended for assembly and integration of the sorting device	yes / no *
PET granulate loading station for BIG BAG bags:	yes/ no *
equipment - weighing system with the required accuracy of +/-1kg	tak / nie *
Control system and process digitization requirements:	yes/ no *
control cabinet with a touch panel with a diagonal of not less than 10"	yes / no *
<ul style="list-style-type: none"> - has a remote access application of SCADA-HMI type or compatible, allowing to monitor the operation of the equipment, in particular: - operating parameters of individual devices - process control - operation statistics - recipe control and management - monitoring of errors and alarms - operator access control 	yes / no *

The control panels listed above meet accessibility standards for people with visual and hearing disabilities. At a minimum, they provide the following: contrast setting, font magnification, audible signal assigned to a particular functionality, display of messages in text form, display of a message by means of an audible and/or light signal (e.g., in case of warnings or activation).	yes / no *
